

## Accordion Tag Book

Materials Needed:

Scor It Board

3 12x 12 Cardstock colors of your choice

Brads

Ribbon of you choice approx 2 yards

Embellishments of your choice

Ink pad

Stapler

Step 1: Cut a 12 x 12 piece of cardstock from pattern given. You should have 9 inches on the left side the cut across the top 3 inches. Then cut down 4 inches and at a diagonal 5 inches. Then across the top again 3 \_ inches and then cut 4 inches down at a diagonal. Your cut out should look like a house with a chimney.

Step2: Score the inside of your cardstock (chimney should be on the left side) 4 inches from the bottom all the way across the

cardstock. Remember the ridge of the score always folds to the inside of the fold. Then measure 3 inches from the left and score it 4 inches up. Measure 3 inches from the right and score it 4 inches up also. These scores should meet the first score across the cardstock. Then measure 6 inches from the left at the top and score 4 inches down to the score across your cardstock.

Step 3: Turn cardstock over and measure 6 inches from the left and score 4 inches up from the bottom (this score should meet your middle line). Next measure 3 inches from the left at the top and score 4 inches down to the middle line.

Step 4: Turn your cardstock upside down with the inside in and fold cut side up.

Step 5: Fold left side over 3 inches. Then turn your paper over and fold right side over 3 inches. Last fold turn paper back to inside and fold left over the right. Now you have your folded accordion book.

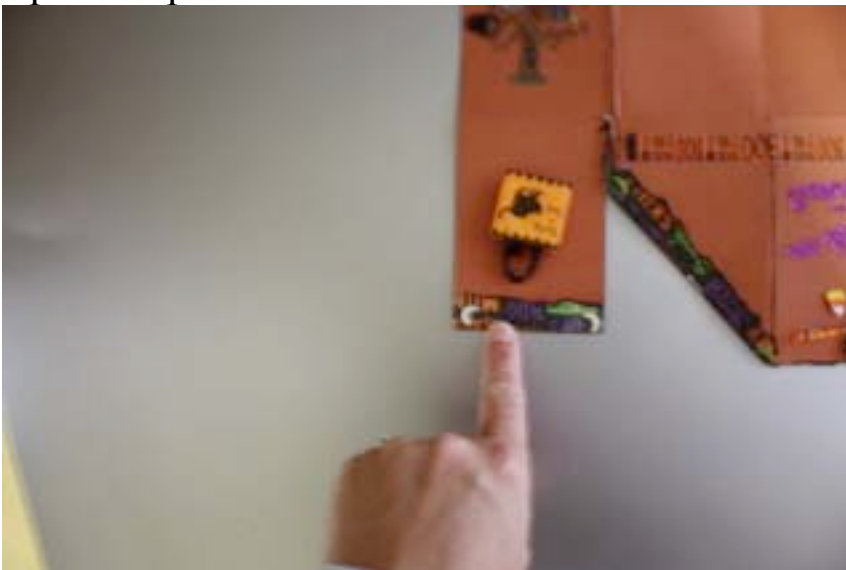

Step 6: Cut a piece from 2<sup>nd</sup> piece of coordinating cardstock that is 12 inches long x 4 inches wide. Tear about    inch off the bottom of this and ink with color of choice. Adhere this piece to the top of your 12 x 12 folded album. Again refold to make sure everything is creased really well.

Step 4: Use the cardstock left over from step 3 and cut 1- 2   ”x1” and fold in half length wise. Adhere this to the outside of the square flap. You can also add brads here for embellishments.

Step 5: With the same cardstock in step 3 and 4 cut a piece that is 4   ” x   ” and fold over the diagonal fold. Attach with brads.

Step 6: Tear the top and the remainder of the left side of the folded area by   ” and ink with choice of color.

Step 7: Use pattern provided and cut 8 tags out of coordinating cardstock. Tags are 2    inches wide by 4    inches long. Adhere the tags together so they have different colors or patterns on each side. You should now have 4 tags.

Step 8: Punch a hole in the top of each tag and tie ribbon to the top of each tag.

Step 9: Staple ribbon to the outside of the cover of your book.

Step 10: Add you own embellishments and pictures put book together and tie with a ribbon all the way around the book to hold it together.

ENJOY!!
