

# Scor-Grip

## Versatile Handle for Rubber Stamps and Pads

- Fits comfortably in your hand and is ultra lightweight
- A must have for working with Cathie Allan's Position-it
- Perfect for those with long fingernails, arthritis or keeping hands clean
- Works well on both large acrylic and wood blocks
- Stands up to keep work surface clean
- Use side of handle for smaller blocks and ink pads
- Dual Lock Velcro holds the handle securely in place
- Extra Dual Lock included

Made in USA

## Instructions:

1. Cut a strip of the Dual Lock to  $1\frac{3}{4}$ " for bottom of handle
2. Cut another 1" strip for side of handle and remove backer paper
3. Cut the remainder of the Dual Lock into  $1\frac{3}{4}$ " and 1" strips to be used on your blocks and ink pads – **MAKE SURE TO CENTER THE DUAL LOCK ON YOUR PADS AND BLOCKS, AS BEST AS POSSIBLE, AS THIS WILL ENSURE EQUAL PRESSURE WHEN STAMPING.**
4. To engage the handle with your block or pad, align the Dual Lock on the handle with the Dual Lock on the block or pad and push straight down.
5. To dis-engage the handle, move to either left or right and pull off – don't try to pull straight up.

Use the  $1\frac{3}{4}$ " strip for larger blocks.
